COSMOPOLITAN HOTEL **METAL**
LAS VEGAS, NEVADA

"Collaborating with GEFA on several statement artwork pieces for a model room competition, was a very enjoyable and easy process.

We developed custom artworks that were very intricate and required a high level of coordination to ensure the install went perfectly, all of which GEFA handled easily, without any hiccups.

To this day, this installation is one of my personal favorites. I wouldn't hesitate to work with them again."
